

You could save more money  
every month with our popular  
Med-Select option!

### Is Med-Select right for you?

Med-Select is a money-saving option that is not an HMO. It fills the gaps in Medicare like our standard option, but it costs less. With Med-Select, you are fully covered for emergency care at any hospital, and you can still choose your own doctors and specialists. Sound too good to be true?

With Med-Select, all you need to do is use any of our Med-Select contracting hospitals for non-emergency elective admissions. If you do not use one of these hospitals, you agree to pay the Part A deductible. It's that simple!

See if a hospital you would use is in our listing. If so, our money-saving Med-Select option may be right for you.

Occasionally there may be changes to the Med-Select Contracting Hospital Network. If you have any questions about this listing, please call 1-800-624-1723.
