

This plan features a \$5,000,000 per member lifetime maximum in benefits.

This matrix provides a brief description of plan features and reflects UniCare's share of costs for covered expenses after the annual and out-of-network deductibles are met. When you use UniCare independently contracted participating (in-network) providers, your costs are based on a specially negotiated rate for UniCare that may often save you money. When you use nonparticipating (out-of-network) providers, your benefits are based on charges that UniCare considers reasonable for that service and area. Using an out-of-network provider may result in higher costs to you because you are responsible for any billed charges in excess of the reasonable charges. Refer to Provider Finder on the UniCare Web site at www.unicare.com or ask your agent how to determine which providers in your area are participating providers before you sign an application for coverage.

For a more detailed description of coverage, benefits, limitations and exclusions, preservice and utilization review, preauthorization process, additional deductibles, and penalties that may apply, please refer to the applicable Certificate of Coverage. If there are any conflicts between the terms of the Certificate of Coverage and the information in this plan summary, the terms of the Certificate of Coverage will prevail.
