Blue*Choice*® Hospital Network

The Blue*Choice*® hospital network was created based on geographic accessibility, the number of board-certified physicians on staff and status with the Joint Commission on Accreditation of Healthcare Organizations (JCAHO).

Your benefits are paid at the highest level when you receive care from a Blue*Choice*® contracting network provider. You do not need to select a primary care physician to coordinate care and you don't need a referral to see a specialist.

ILLINOIS HOSPITALS
